My name is Sydnei Berry. I am an Illustrator from Augusta, Georgia. I specialize in editorial/ fashion illustration as well as product design. I use 3D programs such as Gravity Sketch and Keyshot to create products. Being able to express concepts and narratives through 2D and 3D forms is a way for me to expand my craft and be well diverse across different mediums. I like to create within a graphic style, letting my energetic linework dominate the art piece. I am an Illustration B.F.A. Alumni of Ringling College of Art + Design as well as an Illustration M.F.A. Alum of Savannah College of Art and Design - Atlanta.
